Verification Scheme GmbH

Self-declaration

for producers of agricultural biomass (CAP-Conditionality)

compliance with Art. 29(15) Directive (EU) 2023/2413 (grandfathering clause)

Agricultural biomass producer _____

Street: _____

Postal code, city: _____ Country: _____

NUTS2-region¹: _____

on the sustainability of biomass according to Revised Directive (EU) 2018/2001

Recipient: _____

The grown and delivered biomass of the harvest year _____, which is explained in more detail under item 1, fulfils the requirements of Revised Directive (EU) 2018/2001 Art. 29 (15) and is verified at national level within the frame of the CAP-Conditionality.

| | |
|----------|--|
| 1 | <input type="checkbox"/> The declaration applies to all biomass / crop types (e.g. rape, wheat) produced on my farm. or <input type="checkbox"/> The declaration is submitted for the following types of crops (please list): or <input type="checkbox"/> The declaration is made for the following agricultural residues or harvest residues: Following soil management or monitoring practices to mitigate negative impact on soil quality and soil carbon stock by harvesting agricultural waste and residues are applied on the land: Compliance with Article 29 (2) of Revised Directive (EU) 2018/2001 is monitored at <input type="checkbox"/> National level <input type="checkbox"/> Level of economic operator <input type="checkbox"/> Areas to be excluded, land consolidation (item 2): |
| 2 | <input type="checkbox"/> The biomass derived from arable land that was already arable land before 01.01.2008. Furthermore, it does not originate from areas worthy of protection (Art. 29 (15) of Revised Directive (EU) 2018/2001) that were converted into arable land after 01.01.2008. If permissible land-use changes were made after 01.01.2008, the respective areas were either explicitly excluded under item 1 or the resulting emissions were taken into account in the context of our greenhouse gas calculations (default values cannot be used). |
| 3 | <input type="checkbox"/> The biomass originates from land within protected areas (only nature conservation areas - no water conservation areas) where farming is permitted. The requirements for protected areas have been complied with. |
| 4 | <input type="checkbox"/> As of payments from direct support schemes, I am subject to CAP-Conditionality, which imposes and monitors at least equivalent requirements as in the SURE-EU system on the production of agricultural biomass. The biomass thus meets the requirements of the SURE-EU system for the production of agricultural biomass. <input type="checkbox"/> I have participated in the EU direct support schemes during the past calendar year. The notification of participation in such scheme is available as proof of conformity with the requirements set. <input type="checkbox"/> I will apply to receive payments from a direct support scheme this calendar year |
| 5 | The documentation on the location of the biomass cultivation (verification by means of polygon or comparable proof of the area via field blocks, parcels or plots of land) <input type="checkbox"/> is available to me and can be viewed at any time. <input type="checkbox"/> is kept by the FGP of the biomass supplied by me. |
| 6 | <input type="checkbox"/> The default value (Art. 31 of Revised Directive (EU) 2018/2001), the officially approved estimated value or the NUTS2 value should be used for the calculation of the greenhouse gas balance – if available and permissible |

Note: With this declaration, the agricultural producer acknowledges that auditors of the accredited certification bodies may verify whether the relevant requirements stipulated in Revised Directive (EU) 2018/2001 have been satisfied. It should be noted that the auditors of the certification bodies may be accompanied by a competent authority who monitor their activities. In addition, SURE employees as well as auditors recognised by SURE must be granted the right to conduct a special audit or a witness audit. Furthermore, the producer of agricultural biomass acknowledges that his name and address will be registered in the mandatory Union database (UDB) for the purpose of traceability of feedstock if required.
